

Wednesday-Saturday, December 6-9

Scholarship & Grant Center

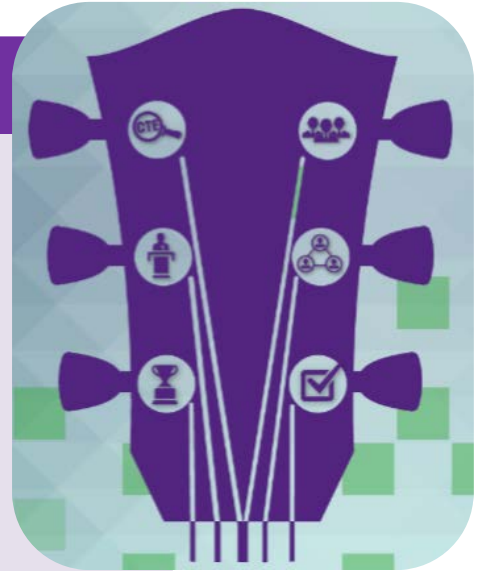

ACTE is offering a member service by providing a centralized location at CareerTech VISION where businesses, organizations, foundations, etc. can highlight their scholarship or grant opportunities available to CTE professionals and students.

Use this space as an extra opportunity to get people to your booth. If you provide scholarship and grant information, your company will receive an additional product category in the searchable vendor list, further increasing your visibility.

If you are interested in providing materials, contact Jim Waterhouse at jwaterhouse@acteonline.org, 703.683.9332 by November 17, 2018.

Guidelines

- Materials only: no pop-up displays or signage allowed; no electricity or AV will be provided
- One-page reference sheet (150 copies) recommended including the details of the available grant or scholarship opportunity, booth number (if exhibiting), deadline, etc. Please indicate if the opportunity is for schools/centers, teachers or students.
